Date	13 November 2022
Team ID	PNT2022TMID21389
Project name	Gas Leakage Monitoring and Alerting system for Industries

### Objective:

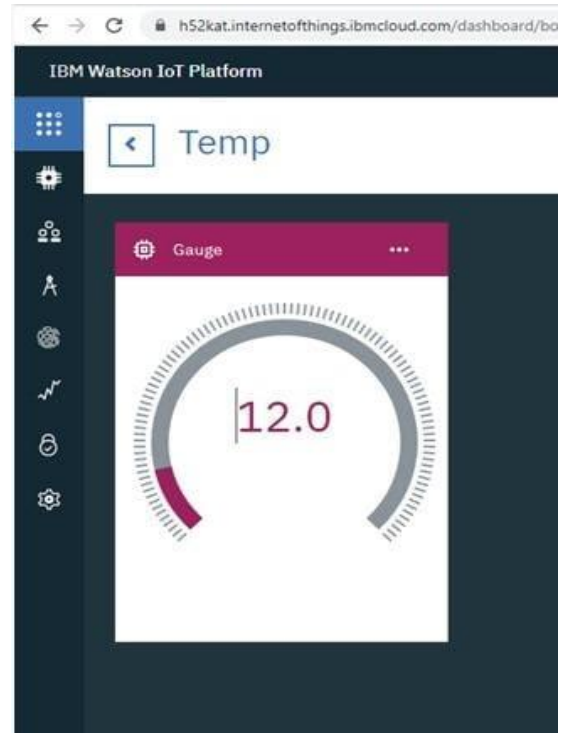

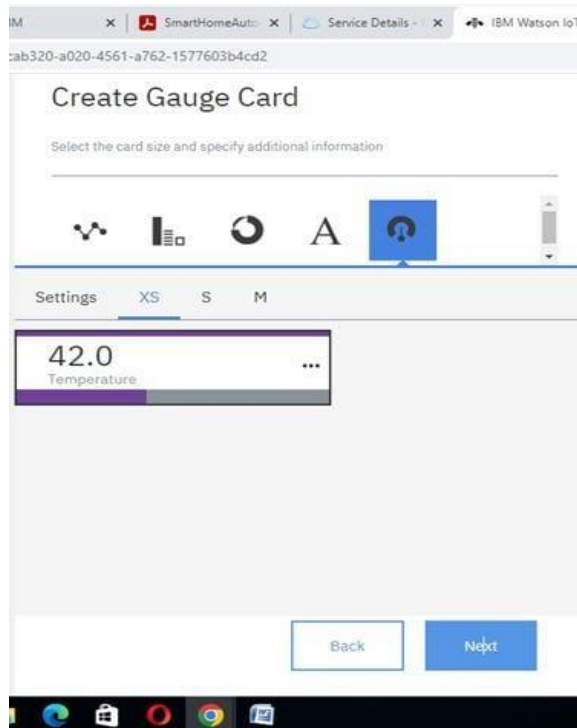

To simulate the python code in IBM cloud using the given data set

### Python code:

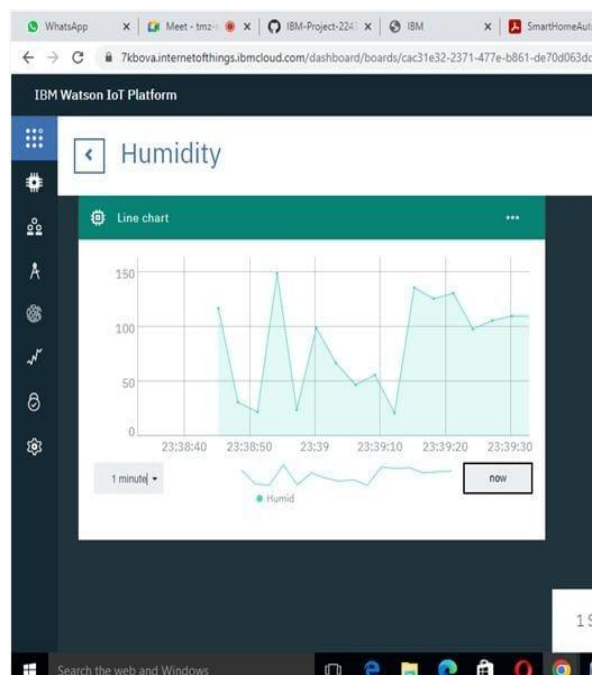

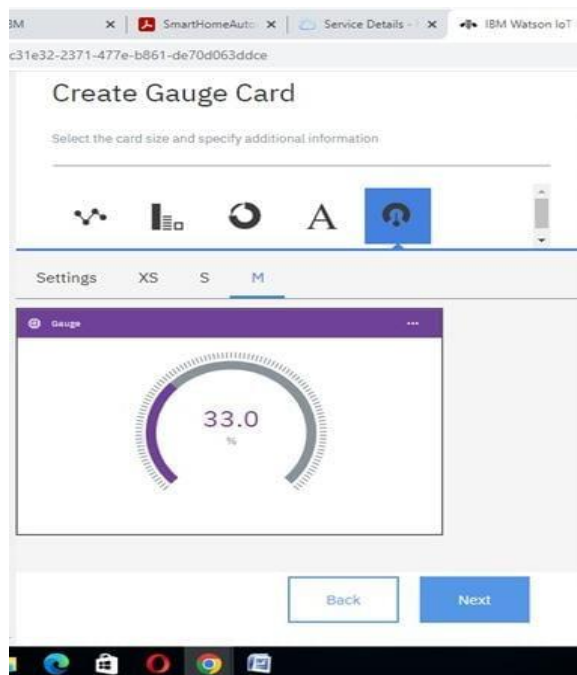

```
{  
    "Temperature": random(0,90)  
    "Humidity": random(0,100)  
    "Gas level": random(0,150)  
}
```

## Temperature measurement

## Humidity Measurement

## Gas level measurement
